Description

Size Extra Large

Tri colour belt with Brigade buckle.

Fits Waist sizes 51" + (Please measure your actual waist where the belt will sit rather than rely on the size waist trousers you wear from store bought items)

The Belt should be worn where it does not show the slider bar. The slider bar should be positioned so it sits at the side or behind. If you can not do this with this size once you have it on please go to the next size up.
